Bleaching Trays

CENTRI™ FORM BLEACH

Slightly firmer and more resilient EVA blank that has been especially designed for the bleaching technique. Foam backed version also available. The foam absorbs and distributes the bleach equally, reducing the time required in the mouth.

Code	Description	Pack	Size
01BT1	1mm	5pcs	Square
01BT1-120R	1mm	5pcs	120mmØ
01BT1-125R	1mm	5pcs	125mmØ

01BTFB125R	1mm + 0.5mm foam layer (once formed)	5pcs	125mmØ

DREVE BIOBLEACH® HARD

Rigid bleaching tray material that produces a stable appliance, ending at the gingival margin.

Code	Description	Pack	Size
D420015	0.5mm	25pcs	120mmØ

DREVE BIOBLEACH® SOFT

Soft bleaching tray material that can be used to extend the gingival margin.

Code	Description	Pack	Size
D4300	1mm	25pcs	120mmØ

Blocking Out

SCHULER S-U BLOCKING OUT WAX

Semi-transparent pink wax that is easy to use and carve. Removes cleanly and easily with steam.

Code	Size
SC6004201	45g

BLOCKING OUT WAX

Pink opaque blocking out wax that is easy to carve and sculpt, with outstanding temperature resistance.

Code	Size
38110-310-00	50g

EUKAMED UNDERCUT WAX

Pink block out wax that is easy to use and smear resistant.

Code	Size
01UCW	70g

EXCELUM YELLEX

Yellow, wax based putty for blocking out undercuts. Easy to adapt and removes cleanly.

Code	Size
51YLX	650g

ARROW GEL GREEN

Light cure resin that burns out without residue and is easy to carve and add to. Suitable for blocking out.

Code	Size
59AGG	3g

FILLIN

Reusable silicone blocking out putty.

Code	Size
D42541	60g

For the complete range of blocking out and undercut materials please see from p479.

Customisation

CENTRI™ FUSE

The Centri™ Fuse kit allows you to completely customise your mouthguard or formed appliance. Creating a chemical bond between the mouthguard and the Centri™ Fuse strips, the design will not delaminate over time. This quick and easy process is flexible and offers countless options either by using our range of Centri™ Fuse Decals or printing your own using the unique Centri™ Fuse range of papers.

Code	Description	Pack
01CFSK	Starter Kit	
01CFRP	Centri™ Fuse Strips Refill Pack	25pcs

CACHET

The ultimate aligner and retainer material. Supplied foil packed to aid longevity. Cachet can be formed with its protective layer to help forming and trimming. Once removed, the Cachet appliance is crystal clear and also bonds to acrylic. The material has high impact like properties and is incredibly strong without being brittle. Supplied in different thicknesses for all possible applications, Cachet has become a market leader due to its continuity of performance.
