

MERRY CHRISTMAS OFFERS

We will be closing on
Thursday December 23rd
2021 until Tuesday January
4th 2022.

Many thanks for your
business and continual
support in 2021, we hope that
you and your families keep
safe and healthy.

From everyone at WHW we
wish you a Merry Christmas,
Happy Holiday and
prosperous New Year!

MESTRA® UV SANITISING CABINET

Ergonomic and cost effective ultraviolet light sanitising unit. Suitable for all applications with a 60 minute timer. Ultraviolet germicidal irradiation (UVGI) is a disinfection method that uses short-wavelength UV light to kill microorganisms.

| Code | Dimensions | Size |
|---------|-------------------|-------|
| M100502 | 200 x 290 x 300mm | 4.5kg |

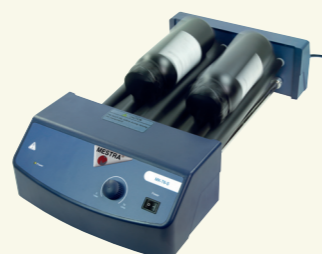

Only £149.96 saving 25%

**MESTRA® 3D RESIN ROLLER MIXER**

Some print resins require substantial mixing before use to ensure the material works to the standards it has been accredited for. A homogeneously mixed resin will ensure accurate and consistent prints. The 6 x 280mm rollers ensure that all bottles will fit and the unit has an adjustable speed of up to 70 rpm.

| Code | Dimensions | Size |
|---------|-------------------|-------|
| M150130 | 480 x 253 x 103mm | 3.1kg |

Only £239.96 saving 20%

**MESTRA® PRESSURE FORMER**

Simple and intuitive pressure former with IR heating and a non-adjustable pressure range of 4-6bar. Adding to its convenience the unit forms blanks in both round & square and with thicknesses ranging from 0.5 to 4mm. Suitable for every dental application includes sports guards, retainers and aligners. Requires an external compressed air source.

| Code | Dimensions | Size |
|---------|-------------------|------|
| M080543 | 260 x 410 x 545mm | 15kg |

Only £1756.76 saving 20%

**MESTRA® HP50 FURNACE**

Mestra's premium burnout furnace is efficient, ergonomic and includes features such as audible alerts, door sensor and a large muffle size of 227 x 180 x 117mm.

The muffle is mounted in an 18/8 stainless steel box, as this is the most suitable material to withstand the demands of such high temperatures. Equipped with a long-lasting ceramic muffle with built-in electric heating elements.

Programmable up to a maximum of 1100°C and 99 hours, with 20 adjustable programmes available.

| Code | Dimensions | Size |
|---------|-------------------|------|
| M080144 | 405 x 375 x 500mm | 35kg |

Only £1646.96 saving 25%

**MESTRA® E2**

The E2 is a table top boiling out and polymerising machine with the ability to create two set programmes - one for boiling out and one for curing.

The timer allows you to delay the operation for the ultimate convenience and the stainless steel construction aids longevity.

With a capacity of 12 flasks for processing and 6 flasks for boiling out.

| Code | Dimensions | Size |
|---------|-------------------|------|
| M080060 | 405 x 635 x 450mm | 34kg |

Only £2396.76 saving 20%

**MESTRA® BOOMERANG II**

The new and improved water and plaster dispenser will save you between 20 - 40% on plaster wastage.

Featuring a scale to ensure precision and is suitable for type II, III and IV powder. The electronic control system allows you to seamlessly alternate between different mixing ratios, while the interchangeable tanks allow for the simple and practical switching of the gypsum.

All you have to do is programme the cycles with fixed proportions and you will have the perfect mix every time.

Supplied with an extra plaster tank and a wall bracket.

| Code | Dimensions | Size |
|---------|-------------------|------|
| M080592 | 430 x 350 x 650mm | 7kg |

Only £876.76 saving 20%

THE STABILISING PACKAGE

FIXGEL

Temporary holding gel for zirconia, ceramics and PFM that burns out cleanly but will hold veneers, copings and crowns securely on the die.

| Code | Pack | Size |
|-------------|------|-------|
| HPD200-0000 | 2pcs | 3.5ml |

SUPERPEG™ II

The ultimate firing paste peg putty, no drying time required and simple to clean up with no residue.

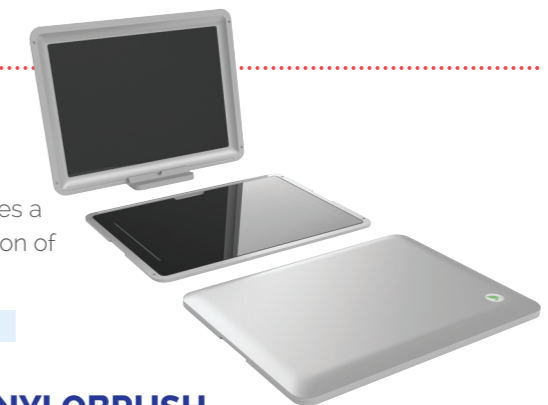

| Code | Pack | Size |
|---------|------|------|
| HPD8510 | 4pcs | 12cc |

Only **£49.98** saving **35%**

THE CERAMIST PACKAGE

THE TRAY

The new benchmark for ceramic mixing trays with a lightweight and smooth aluminium base. The Tray features a large black "pearl glass" work surface and is a collaboration of seven master technicians from around the world.

Code: HPD402-0010

CERAFIRM

The universal mixing system for all types of ceramic that produces extremely firm ceramic mixes with the lowest possible shrinkage. Suitable for all types of HF and LF ceramics and has no influence on colour. Adjust the viscosity by mixing with the CeraFirm Add liquid.

| Code | Description | Size |
|-------------|--------------|--------------|
| HPD201-2000 | CeraFirm Kit | 250ml + 10ml |

NYLOBRUSH

Hybrid synthetic brush with large water reservoir and stable tip. Magnetic quick-change tip system that is compatible with screw on systems from other manufacturers.

| Code | Description | Pack |
|-------------|-------------|------|
| HPD210-0004 | #4 | 1pc |

Only **£329.89** saving **25%**

THE PRINT AND PRESS PACKAGE

TRIVEST PLUNGERS

TriVest plungers are disposable with extremely smooth surfaces and rounded edges on both sides. The plungers cannot be tilted or misaligned and have enormous strength. Not produced from aluminium oxide, therefore the risk of cross contamination is reduced.

| Code | Pack |
|-------------|-------|
| HPD222-0050 | 50pcs |

TRIVEST PREMIUM

Excellent universal investment that is particularly well suited for use with **3D printed resins**. TriVest has no reaction layer, creates extremely smooth surfaces and can be used for bonded, pressables and refractory dies.

| Code | Description | Size |
|-------------|-------------|-----------|
| HPD222-1000 | Powder | 40 x 100g |
