Implant System	System Interface	Status
<b>Straumann</b>	Bone Level	<b>Available</b>
	SynOcta	<b>Available</b>
	Multi-Base	Upon request
	NNC	Upon request
	Octagon	Upon request
<b>Sweden&amp;Martina</b>	Global	Upon request
	Outlink	Upon request
	Premium Kohno	Upon request
<b>Thommen</b>	SPI	Upon request
<b>Zimmer</b>	Screw-Vent	<b>Available</b>
	Ezthetic implant	Upon request
	Shoulder Abutment	Upon request
	Swiss Plus	Upon request

\*The hyperDENT implant components – consisting of scanbodies, CAD library and CAM library – form a harmonized system for precise manufacturing of implant-based dental restorations. Support regarding the correct positioning of the implant interface will only be provided by joint use of all components.
