

# 'TIS THE SEASON FOR ugly jumpers

Elegant Dent

The Elegant Dent porcelain series for metal bonded restorations and zirconia are highly aesthetic and come with countless advantages to help the ceramist replicate nature as closely as possible.

With Elegant Dent's Range of materials you are only limited by your imagination and not the material.

The outstanding optical properties the ceramic has enables the technician to manipulate the translucency, opalescence and fluorescence of the prosthesis. In addition to this, the ceramic powders have excellent physical properties ensuring long lasting restorations.

Shade reproduction is a key part of a successful result and with our powders you can easily reproduce the 16 classic shades, 26 master shades and additional bleach shades.

## CERAPRIME® MC STARTER KIT

The customisable kit comprises of a choice of ceraPRIME® MC Dentines, Opaque Pastes, Wash Opaque Paste, Enamel, Transpa, Glaze and Effects. Each kit also includes Modelling Liquid and Opaque Liquid.

Code	Description
187511	Starter kit

**12 item customisable kit - £44.95**

## ZRPRO® CERAM STARTER KIT

The customisable kit comprises of a choice of ZrPro® Ceram Dentines, Enamels, Transpa, Glaze and Effects. Each kit also includes Modelling Liquids.

Code	Description
267511	Starter kit

**12 item customisable kit - £52.95**

# CROWN & BRIDGE

## REMANIUM® STAR

- Premium CoCr bonding alloy
- Exceptional melting and flow behaviour
- Easy to polish
- No oxide firing required
- Suitable for a huge variety of indications including long span bridges and implant supported supra-structures
- Tensile strength 845 Mpa
- CTE 14.1
- Co 60.5, Cr 28, W 9, Si 1.5
- Branded bags and certificates available with every purchase

Code: 38102-620-00 Size: 1kg

Only £160.76 saving 20%

## NANOVEST

Achieve amazing results with lithium disilicate using NanoVest, a versatile nitrogen filled investment. The fluid consistency makes it exceptionally easy to invest, with smooth surfaces and no bubbles. With virtually no reaction layer, NanoVest has become the investment of choice for users of pressable ceramics.

Code: 58NVI Size: 100 x 100g + 2 x 946ml

Only £77.31 saving 15%

# EQUIPMENT

## SL10 LASER WELDER

Optimised for dentistry, the new SL10 laser welder offers incredible value for money and is feature packed.

- Large touch screen colour display
- Easy and intuitive to use, thanks to inbuilt microscope
- Solid metal housing
- Easy adjustment of welding parameters
- Colour camera shows welding process

Code	Size	Dimensions
38989-803-69	37kg	440 x 480 x 600mm

Special Launch Price £9,750

# ORTHODONTICS

## CENTRI™ OPACRYL

Proudly made by WHW, this excellent quality cold cure orthodontic resin does not run or slump and offers exceptional value for money. The material was developed primarily for the salt and pepper technique and has great strength and clarity.

Code	Description	Size
01OSPR	Opacryl Powder & Rose Liquid Kit	1kg & 500ml
01OSPC	Opacryl Powder & Clear Liquid Kit	1kg & 500ml

Only £46.42 saving 25%

## CENTRI™ SHIELD

Cream based precision separator for isolating plaster models.

Code: 01CSD Size: 500ml

Only £14.63 saving 10%

# UNIVERSAL

## DISIFIN® MED

Tablet based dental disinfectant that is as affective on surfaces as it is on impressions. Can be used as either a spray or soak. Disifin is a fast-acting wide spectrum disinfectant, active against bacteria, viruses (including HIV/HBV), yeast and fungi. It is simple and safe to use, the tablet dissolves in warm water and immediately produces a ready to use, highly effective and long-lasting disinfectant solution that lasts up to 4-8 weeks in the Disifin UV protected spray bottle.

Code	Description	Pack
DFM25	Disifin Med Tablets	25pcs

Only £19.46 saving 25% and get a Disifin spray bottle worth £3.95 FREE

# CHROME

## REMANIUM® GM380+

Time-tested, spring-hard alloy for all types of cast partial (chrome) denture work.

### Advantages:

- Further development of the time-tested remanium® GM 380
- Easier to cast as alloy has mirror-like shine when heating
- Not overheating the alloy results in smooth and clean castings
- Reduced surface hardness
- Easy preparation and polishing
- High elongation at break value
- Tensile strength - 900 MPa
- Elongation A5 - 6.5%
- Modulus of elasticity E - 220GPa

Code: 38102-001-10 Size: 1kg

Only £199.04 saving 21%

## REMA® DYNAMIC S POWDER

Modern investment that allows flexibility in the preheating stage by offering speed preheating and partial speed preheating. Easy to use with impressive accuracy, even with complicated structures.

Code: 38105-610-50 Size: 50 x 400g

Only £71.96 saving 20%

## REMA® DYNAMIC S LIQUID

Mixing liquid for rema® dynamic S - 3 litres of liquid is required for approximately 20kg of investment.

Code: 38105-620-50 Size: 1 ltr

Only £14.36 saving 20%

Spend over £100 in a single order in November or December, including an item from this offer sheet and choose between an ED special edition football or a trivia travel mug\*

# PROSTHETICS

## VITAPAN EXCELL® ANTERIOR

- For brilliant vitality of shape, shade and play of light
- Lifelike three-dimensional tooth geometry for brilliant results
- Distinctive incisal characteristics for special vitality
- Wide palatal bars for ideal interdental spacing / papilla creation
- Pronounced enamel portion / translucent edges for good light dynamics
- Integrated mamelon structure and whitish incisal region for natural shade effect
- 22 moulds used in combination with VITAPAN® LINGOFORM or any posterior system

## VITAPAN® LINGOFORM POSTERIOR

- For all concepts of occlusion due to multifunctional occlusal surface design
- Multifunctional occlusal surface design with defined centric contacts
- Maxillary cusp angle: approx. 15° to 20°
- 4 upper and 4 lower moulds

Buy any 2 sets for £28.54 saving 35%

## CENTRI™ F PRO

New acrylic polishing system with silicone binders, available in 3 shapes. Run between 5-7,000 rpm for optimised use.

Code	Description	Pack

# 3D PRINTING

## PHROZEN MIGHTY 8K

After the unprecedented success of the Phrozen Mighty 4K we are delighted to launch its big brother.

### Features

- ▶ New frosted laser cut build plate
- ▶ New user interface
- ▶ 10" LCD display
- ▶ Ultra-high 8K 28µm resolution
- ▶ WiFi and direct connectivity
- ▶ Front USB port
- ▶ Large print area 218 x 123 x 235mm
- ▶ Linear projection LED light source
- ▶ Metal resin vat
- ▶ Can print a single layer in 2 seconds
- ▶ New dual linear rails

Have you tried Centri™ Print UHD resin? The perfect partner for your new 3D printer.

Code	Size	Dimensions
3DP8K	14.3kg	337 x 337 x 516mm

Reserve yours now for only **£769.95** and get **2 hours free technical support worth £79.95**

# MILLING

## ZIRCOSTAR® HT ML

Premium highly translucent milling discs that offer a range of indications and great translucency of 45% and strength of 1389 MPa.

### Indications:

- ▶ Crowns
- ▶ 3 Unit bridges
- ▶ 6 Unit bridges
- ▶ Full span bridges
- ▶ Inlays and Onlays

Technical Data	
Flexural Strength	1389 MPa
Fracture Toughness	6.54 MPa m <sup>1/2</sup>
CTE	10.3 x 10 <sup>-6</sup> 1/°C

## ZIRCOSTAR® UT ML

Premium ultra high translucent milling discs that offer a range of indications and great translucency of 49% and strength of 746 MPa.

### Indications:

- ▶ Crowns
- ▶ 3 Unit bridges
- ▶ 6 Unit bridges
- ▶ Veneers
- ▶ Inlays

Technical Data	
Flexural Strength	746 MPa
Fracture Toughness	4.67 MPa m <sup>1/2</sup>
CTE	9.6 x 10 <sup>-6</sup> 1/°C
